ABOUT ME

As a dedicated software developer, my passion lies in devising innovative solutions and engaging with a dynamic, inspiring community. My professional journey is fueled by an insatiable curiosity and an unwavering commitment to lifelong learning. I excel in navigating the ever-evolving landscape of new technologies and revel in the challenge of transforming complex ideas into tangible, impactful realities. With a robust foundation in Front End Development, I have honed my skills in creating intuitive user interfaces and crafting responsive web designs that resonate with users. My ambition doesn't stop there; I am actively broadening my expertise to include Back End technologies. This expansion of my skill set encompasses database management, server-side scripting, and seamless API integration. Staying at the forefront of the latest industry trends and technological advancements is a priority for me. I am keen to apply my comprehensive knowledge of both Front End and Back End development to make significant contributions to dynamic teams. My goal is to deliver cutting-edge solutions that drive success and innovation.

WORK EXPERIENCE

Shop Assistant, AL Mahamuda Cosmetics, Vosloorus
Dec 2014 - Jan 2015

- Monitored shop security to identify and report shoplifting activities and increase security measures.
- Provided excellent customer service, promptly addressing inquiries and resolving issues.
- Managed product displays, showcasing new arrivals or bestsellers for increased visibility and sales opportunities.
- Answered customer questions about products and services, helped locate merchandise, and promoted key items.
