ZANDILE BUTHELEZI

Entry-Level Software Developer

📞 084 561 3327 @ ntombizandilebuthelezi756@gmail.com 🔗 https://www.linkedin.com/in/zandile-buthelezi-969365253/
📍 Vosloorus, South Africa

SUMMARY

I am an entry-level software developer committed to delivering innovative solutions and optimizing team performance. My technical expertise spans both front-end and back-end development, primarily focusing on Python, Java, and API integration. I am passionate about contributing to dynamic teams and developing technologies that address real-world challenges through a creative and problem-solving approach.

EXPERIENCE

Bootcamp Assistant (Volunteering)

WeThinkCode_

📅 06/2024 - 08/2024 📍 Johannesburg, South Africa

- Ensured adherence to established procedures for seamless bootcamp operations
- Assisted participants with technical issues and enhanced participant experience
- Supported technical areas to ensure uninterrupted learning
- Managed participant progress, fostering an optimal learning environment

Shop Assistant

AL Mahamuda Cosmetics

📅 12/2014 - 01/2015 📍 Vosloorus, Gauteng

- Monitored shop security to prevent shoplifting and ensure safety
- Provided excellent customer service, addressing inquiries and resolving issues
- Managed product displays, showcasing new arrivals to maximize sales
- Assisted customers with locating products and promoted key items
